

### **REMARKS/ARGUMENTS**

Claims 55 - 61 are now in the application. They replace claims 28 – 54, which have been canceled.

The amendment to the claims is being filed in an effort to remove the reference numerals and to define the invention more narrowly in the independent claim 55. Support for the amendment is found in the original claims 1-27 and the amended claims 28-54.

The entry of the amendment and a favorable action on the merits are solicited.

Respectfully submitted,

/Werner H. Stemer/
